

CANCER CARE

Compassionate breast cancer care. Exceptional results.

This year, over 300,000 women will hear the life-altering words "you have breast cancer." It's a sentence that can shatter worlds, leaving you with a whirlwind of emotions—fear, uncertainty, anxiety, and overwhelming thoughts.

If you're dealing with a breast cancer diagnosis, Carrum Health is here for you. We work with some of the top cancer centers in the country to ensure you receive the highest-quality comprehensive and compassionate care available.

How it works

It all starts with making sure you have the correct diagnosis. We'll arrange an expert second opinion—**at no cost to you**—from a team of leading cancer specialists.

They will review your records and outline the best treatment plan for you, based on the most up-to-date research and innovative options. This could include clinical trials and new treatments that may be more effective than standard treatment options. This service is fully covered and often provided online, allowing you to remain in the comfort of your own home.

“

I received the remote expert opinion, and the process was excellent. The second opinion will allow me to feel even more confident in my decisions moving forward. Thank you."

- Mary

“

I was well taken care of during my short stay at the hospital... I do not think [the benefit] could be any better."

- Lorraine

What's covered

Depending on your diagnosis and location, if you've been diagnosed with **first-time, non-metastatic breast cancer**, you may also be eligible for the Carrum Health treatment program. Coverage may include:

- surgery
- breast reconstruction
- chemotherapy
- radiation therapy
- symptom management
- nutrition support
- access to support groups
- financial support including potential surgery travel costs and stipends

Support every step of the way

As every patient has a unique and specialized treatment plan, you'll also have access to two years of virtual support from oncology-certified nurses who will help you understand your treatment details, potential side effects, and how to prepare for procedures.

Additionally, you'll be assigned a Carrum care navigator, available by phone or mobile chat, to guide you through the entire process from start to finish—providing logistical support and a clear roadmap of what's next.

When you use your Carrum Health benefit for cancer care, you'll have compassionate care and support throughout your cancer journey, so you'll never feel alone.

[*Sample copy: With the exception of second opinions, individuals enrolled in a high-deductible plan must first meet their deductible, but oftentimes copays and coinsurance will be waived. Second opinions are typically provided at no cost to members and do not require payment of any deductible. Per IRS rules, a portion of any covered travel expenses will be reported as taxable income to the covered member.]

Carrum Health members enjoy:

Better care

The surgeons, oncologists, and cancer care teams in our program achieve better outcomes and have exceptional bedside manner.

Reduced financial stress

When you receive care through Carrum, your company often covers most, if not all, of the medical costs.*

Dedicated support

Our team helps with all the planning and paperwork, so you can focus on your health.

“

Words can't describe how amazing it was to have Carrum Health on my side.”

- Rena
