

This June, we encourage you to **be proactive about preventive care** by completing an **annual health screening**.

Take charge of your health and avoid the \$75 monthly Wellness Surcharge in 2026!

- **Onsite health screening registration** will open in **July 2025** for participating locations.

But you don't have to wait! You can complete your screening early using one of these options:

1. LabCorp Option:

- Visit a **local LabCorp facility** that offers "Employee Wellness with Body Measurements."
- Go to [LiliveWell.com](https://liliveWell.com) to download the **LabCorp Requisition Form**.
- Bring the form with you—LabCorp will submit your results automatically.

2. Physician Option:

- Prefer to see your doctor? No problem!
- Go to [LiliveWell.com](https://liliveWell.com) to download and print the **Physician Form**.
- Take the form to your appointment and ask your doctor to complete it during your exam.
- Make sure **both you and your doctor sign the form!**
- **It is recommended to get a copy and do not rely on the doctor to send it in.**

Submitting Your Physician Form

- Upload your completed Physician Form to your LIIveWell account or fax it to **402-939-0772**.
- You also have the option to mail your completed Physician Form to:
TotalWellness, Attn: Data Team, 9320 H Court, Omaha, NE 68127
- You are responsible for ensuring the form is **submitted no later than September 30, 2025**.

2025 Annual Health Screening - Important Reminders:

- **All Lennox employees** and their **covered legal spouses** must complete a health screening AND, either meet **3 of the 5 health screening metrics OR improve by 1 overall metric as compared to the previous year's screening by September 30, 2025**, to avoid the **\$75 Wellness Surcharge (monthly per individual) in 2026**.
- **New hires and employees** — along with their legal spouses — whose Lennox medical coverage first becomes effective between 1/1/2025 and 7/31/2025 must complete and submit health screening metrics by 9/30/2025 to avoid a \$75 monthly surcharge.

** If you and/or your covered legal spouse are unable to complete the requirements due to a medical condition, your physician can fill and sign the Medical Waiver form. The completed form(s) can be submitted via email, fax, or directly uploaded into your LIIveWell account by **November 28, 2025**.*

** If you or your covered legal spouse are pregnant, you do NOT need to complete a health screening. Instead, you must complete and submit the Pregnancy Waiver form via email, fax, or directly uploaded into your LIIveWell account by **November 28, 2025**.*

If you have any questions about your annual health screening, please contact WebMD at 1-844-800-2454. For more information, please visit the [LIIveWell](https://liliveWell.com) page on LIIBenefits.com.
